Discussion Of Discharge Thru St. Lucie And The Caloosahatchie Planned

Friday, December 10th, 8 A. M. In Data Set For Area Meeting

In response to numerous requests from individuals and organizations near Lake Okechobee and its principal tributaries and regulatory outlets, the District Engineer will hold a public hearing in the Civic Center, Stuart, Florida, at 8:00 a.m. (Eastern Standard Time), Friday, 18 December 1953.

The purpose of the hearing is to discuss with local interests and to receive their views relative to the regulation of Lake Okechobee and resulting discharges via its two principal outlets, the St. Lucie Canal and Caloosahatchie River, with a view to submitting such testimony, and the findings thereon, to the Chief of Engineers, Department of the Army, in Washington, D. C. for further consideration.

For your information, the lake is now regulated intensively as practicable between elevations 12.3 and 15.5 feet above mean sea level. All available outlet capacity is employed in maintaining levels within that range. If the range is exceeded, full outlet capacity is effected to restore levels to that range as rapidly as possible. Within those limits the attempt is made to conserve for beneficial use as much of the lake inflow as possible without causing an appreciable increase in the flood hazard.

With existing protective works the maximum lake elevations are as follows:

Period June 1 through October 15, Elevation (m.s.l.) 14.0

Period October 15 through January 31, Elevation (m.s.l.) 15.0

Period January 31 through May 31, Elevation (m.s.l.) 15.5

Between February 1 and May 31 the lake level is gradually (Continued on Page Four)

Carlot Movement Is Stepping Up As The Season Progresses

The carlot movement from the Glades is stepping up in tempo during the past few days, but the past day or so the market has gone "in the doghouse", on most items.

Fresh crops, including celery are increasing as the market will take them, and soon potatoes will be added.

The movement to date, by rail is as follows:

names that are very familiar, and then again, those which don't strike a note, I'm reminded of the great progress which Belle Glade is making. I'm sure by the time I return there again I'll find a great many changes which come with progress.
I've run into a lot of boys from Florida and when I asked if they knew about a little town on the Southeastern shore of Lake Okechobee where farming and cattle raising goes on, I'll get the answer "Yeah, I used to drive a truck down there", or, "we bought some cows from a guy down there." Believe me, Belle Glade is very well known by everyone.
I guess that the boys are still giving the fellows the "old thrill" out on the lake. That's one thing my father and I often go back for. It is really amazing what a day on the lake can do for some people, especially my father. Maybe he has a lot of that black muck left in his shoes from those years he spent in that section.
I guess that being an old Army man yourself, Luther, you'd like to know my impression of the Army. First I'll say I like the Army and my work very much. I'm not in touch with it to the extent that I for-

get I have a home and loved ones, but I also feel it is giving me many chances to see things and places that I would not see otherwise. I have found also that if you know the word discipline and understand its meaning you're way ahead of the game. I don't plan on making a career of the service, but just put my time in doing my little part in appreciation of the great way of life we have. Right here I might also mention you don't realize how well off you are 'til you see other countries and their way of life. I'm talking colored movies of my travels in and around Europe, which I feel will be of great value to my children, which I hope to have in the years to come.
Here at Mannheim you see quite a bit of destruction from those heavy bombings during the war, but you'll also be surprised at the rapid progress these people are making on the road to recovery. You must give them credit for coming back under the conditions and then feeling they must prosper. They give the impression that they are a very intelligent race, and then again a warm people. It's hard for a guy who has just left the states to understand that they're out for the G.I.'s money and would cut their friend's throat if they felt it was

to their advantage.
I might mention that I was with a boy, Jack Wilcher, from Belle Glade for about three months back at Ft. Devan, Mass. I hear now that he's in the far east.
Well, thanks again for the paper and remember me to my friends there.
John "Bo" Jameson.

Recommended control of wireworm and other soil pests ... on all Florida vegetable crops

LAST YEAR aldrin established a fine record of soil pest control on Florida corn, sugar cane and sweet potatoes. Now aldrin is recommended by Florida Experiment Stations for use on every important vegetable crop in the state.

Aldrin gives you these important control advantages:

1. Powerful killing action—all season freedom from soil pest damage with just one application.

2. Chemical stability—Aldrin remains stable regardless of the pH of the soil (acid or alkaline). This stability holds even when aldrin is mixed with fertilizer.

3. Can be used two ways—in an aldrin-fertilizer mix, or sprayed directly on the ground and harrowed in.

4. Low poisons cost—a direct result of aldrin's high killing power.

So—for healthy crops get aldrin. Your fertilizer or insecticide dealer can supply you.

Xmas Pageant To Be Staged Dec. 26

Plans were worked out at a meeting of committee heads for the Christmas Pageant to be presented at the Municipal Park on Tuesday, December 22nd at 8 pm.

Two rehearsals are scheduled, the first at 3 pm, Sunday, December 20th and the second Tuesday at 7:30 pm, Dec. 21st. The pageant as well as all rehearsals will be presented on the tennis court at the park. Those participating in the pageant are:

Shepherd Scene — Episcopal Church
Nativity Scene — Altar Society
Wisdom Scene — Methodist Church

Chorus — Chorus of voices from the First Baptist Church, Methodist Church, Presbyterian Church, Chosen Baptist Church, Christian Science Church, Church of the Nazarene, Seventh Day Adventist Church, St. Philip's Catholic Church.

The Rev. Robert Ford will be the narrator and director. Mrs. Ben Rider will direct the chorus and Mrs. Dorothy Ingram will act as accompanist.

Property Chairmen include Eugene Ellis and Vernon Denter. The pageant is sponsored by the Chamber of Commerce and Jaycees.

Put Christ back into Christmas

WILMINGTON (Continued from Page One)

from well wishers were generously strewn throughout the store.

Joe Kahn and a brother came from Georgia around 27 years ago to Belle Glade and Pahokee. His interests have been in both communities since that time.

A recent partnership in Belle Glade was dissolved and Mr. Kahn embarked on the expansion program which called for stocking nationally advertised brands and the setting up of a budget department. Both floors of the 50 x 80 modern building are being used with the budget department on the second floor.

New and modern display fixtures have been installed and air conditioning is also being provided.

A crew of nine sales persons is on hand to serve the public and all are experienced in their particular lines.

Mr. Harvey Kessler, an experienced department store operator for more than a score of years has moved his family to Belle Glade, built a home and is set to "grow with the Glades."

"Our belief that the Glades area will support an institution such as ours in its effort to offer the type of nationally advertised items we have been encouraged by the response of the public since our opening."

A visitor at Mr. Kahn's store this week is his father-in-law, Mr. Ideben of Sarasota, Fla. Mr. Ideben is 85 years of age and is retired from active participation in the family store. However, this gentleman expressed great confidence in the future of the Glades, recalling his start in Sarasota during the early twenties, and his start in South Georgia in 1892.

CHRISTMAS CONCERT TO BE PRESENTED BY COMBINED CHOIRS

The First Baptist Church of Belle Glade cordially invites the public to attend their Christmas Carol Service and Pageant, Dec. 13 at 7:30 pm. After the welcoming introduction by Rev. U. W. Malcolm the following vocal members will present the colorful nativity tableau: narrator, Jack Little; Mary, Alice Mizoun; Joseph, Dunn McCall; Gabriel, Mills Byron; inn keeper, Justin Rowley; shepherds, Paul Davidson, Sammy Knight, Skippy Schoepel and John Bamford; wise men, J. W. Mosley, Jr., B. B. Bradcock and Johnny Schleicher; angels, choir members; Zachariah, J. W. Mosley; Young Caroler, Rachael Collier.

Those who are pianist, Mrs. Dorothy Ingram; music director, Mrs. Marian Najarian; director of the nativity tableau, Marvin Unwin assisted by Mrs. Gene Croes. Church decorations will be under the direction of Mrs. Louise Jones.

MRS. MATTHEWS SPEAKS AT GUILD MEETING

Mrs. W. D. Matthews talked on Sign Languages of the Church at the meeting of St. Elizabeth's Guild of the Episcopal Church of St. John the Apostle, Tuesday evening at the home of Mrs. L. J. Arnold.

Mrs. Matthews explained that most of the symbols are of ancient origin and have a historical meaning. She was assisted

by Mrs. Sam Lovell in making posters which were used to illustrate the different signs. During the business meeting Mrs. B. E. Weeks, altar chairman gave a report and Mrs. Bennett Roberts gave the treasurer's report.

Fifteen members and visitors were present at the meeting assisted by Mrs. Arnold in serving refreshments.

JUNIOR PITTS TOPS BUNSCOTCH ALL STARS

Junior Pitts, Ram guard was top rated player in the Suncoast Conference All Star selections announced last week, winning a vote of confidence from players of the nine schools in the loop.

Pitts missed being mentioned on only one of the eight possible votes as 41 players were named in the balloting.

This is the first year that the players in the Suncoast Conference have been given the opportunity to select the All Stars.

Clewiston Tigers had three players on the list, Blue Devils, two and each of the other six school placed one man on the list. Stuart was the only witness team that missed placing a man on the squad.

TERRY ROMAN BOWLS HIGH FOR GRABERS

Terry Roman was the hottest bowler on the Graber Farms Bowling Team when they played at Brandon Furniture Co. at the Carefree Center in West Palm Beach Wednesday night. The team won 3 points from their opponents.

Terry had hi-game of 179 and high set of 437 which is OK in any bowling league.

lowered to 12.5 feet to provide storage space for the subsequent wet season. In reducing lake levels, discharge is made through Caloosahatchee River as long as channel capacity is not exceeded, before discharge is begun via St. Lucie Canal.

The above plan is designed to secure maximum benefits with existing control works and is subject to modification as improved lake control facilities are provided under the Central and Southern Florida Project.

All interested parties are invited to be present or represented at the above time and place, including representatives of Federal, State, county, and municipal agencies, as well as commercial, industrial, civic, highway, and railroad interests, and property owners concerned. They will be afforded full opportunity to express their views concerning the subject matter of the hearing.

Oral statements will be heard.

the nature and monetary value of those damages. Further, if local interests desire either change or retention of the present system of regulation they should state, preferably in writing, the changes or improvements which they consider desirable, or the adverse conditions which would result from changes. Written statements may be handed to the undersigned at the hearing or mailed to him by registered mail.

Looking for a real deal?

Now's the time to save money!

Today's local delivered price of the **BUICK SPECIAL**

2-Door, 6-Passenger Sedan Model 480 (illustrated)

\$2513³⁸

Optional equipment, accessories, taxes and local taxes, if any additional. Prices may vary slightly in adjoining communities due to shipping charges. All prices subject to change without notice.

WE feature the delivered price of the Buick pictured here to make a point about the big trade-in allowances we're giving today.

The price you pay for the car itself — the local delivered price — is the first thing to look for when you're bargain-hunting.

It's this figure less what you get on your trade-in that determines your real-cost—the dollar difference you pay.

That means—keep your eye on the dollar difference. The more car it buys, the better deal you make.

So with our low delivered price and

the high trade-in allowances we're giving right now—we think we have a whale of a buy for you.

And when you check into things, we believe you'll discover this:

You get more room and power for your money in this Buick than in any other car on the market.

You get hundreds of pounds more automobile here—more strength in the brawlier frame, more durability in the heavier chassis, more safety in the thicker structural members—than in a long list of cars at this Buick's price or higher.

You also get a lot more in a Buick that the specifications don't show—more fun, more thrill, more comfort, more pride and pleasure.

But why waste another day—with time growing shorter, winter coming closer, and your present car getting older? If you're looking for a real automobile at a real buy in a real deal—come look at Buick right now.

that's what thousands of farmers are saying this year. It's the common-sense method of soil care because you save those extra trips across the field while making application. And you'll find Heptachlor-fertilizer admixtures pay off many times in greater crop yields.

Heptachlor has been approved and recommended for controlling wireworms on corn and potatoes-grubs, cutworms, ants and many other soil insects. Your supplier will prepare Heptachlor-fertilizer admixtures on a custom basis with the proper amount of insecticide added to sufficient fertilizer for use with your... you just apply at the recommended fertilizer rate using standard equipment. For fast action and really effective control, see your insecticide dealer to-day about an admixture for your crops and be sure it contains Heptachlor.

NFA News

Members of one section of the ninth grade class planted a small cabbage seed bed. After these plants get about three inches high, they will then be pulled up and transplanted to a permanent field.

Regular meeting of the NFA was held last Thursday afternoon. Plans are being made to acquaint members of the chapter with points in judging swine, poultry, dairy cattle, beef cattle, and various field crops. We are making preparation early in order to have ample time to select a judging team.

One class of our chapter has leveled off a strip of land north of the baseball field, which will later be planted with grass. This is a part of our community beautification project. These boys also are becoming more acquainted with the handling of the tractor and tractor equipment.

The senior girls have just completed a six-week course in vocational agriculture. This course included:

1. Designing the home ground with flowers, shrubbery, trees and grasses.
2. Vegetable garden for the home.
3. Recognition of home plants.
4. Common breed of poultry.
5. Grades of eggs.
6. Classes and grade of milk.

Several field trips were made to near-by poultry yards, observing local poultry breeds. Plans are being made for this group to observe a local dairy, in the future.

Class 9B

The members of the 9B class had a short Christmas program on Wednesday, December 2, 1953. It was the first Christmas program of 1953 from Everglades Vocational High School. The Skyliner: Fannie Robinson, Mildred Simmons, Dewey Jackson, Marvel Lou Best, Norman Edwards, Alphonso Walker and our piano player, Margaret Gordon, sang two songs: "White Christmas" and "Silent Night."

Fannie Robinson gave a reading. Sim Nelson read the Scripture Luke 2: 6-11 and said a prayer.

Rev. Milton Fayson was our guest speaker. He gave a talk about the birth of Christ, and the Value of giving and not always expecting to receive.

James Evans, our president introduced the officers of our class. The narrator of the program was Betty Jean White. The class sponsor is Coach D. Byrlwood.

"The Last Game of the Season"

The victorious Bobcats played their last game of the season with the Gifford Tigers at the "Cane Field Classic" in Cleverton, December 4, 1953. A pass from Roy Harris was caught by Sim Nelson for the first touchdown of the game, and also his first touchdown of the season.

In the second quarter a pass from our quarterback, Roy Harris, was caught by our end Sam Hamilton, for our second touchdown. At the end of the first half the scores were 12-8 in favor of the "Bobcats." The extra point was kicked by "Potomac" our fullback. The half-time show was presented by EWH marching band, Mr. M. Hamilton director. In the third quarter Hoover Tolbert made the longest run of the season, 80 yards for a touchdown. Mackie Rivers made two touchdowns to make the score 24-12. He also leading the team in touchdowns with Hoover (Potomac) Tolbert in second place. The defensive team, led by Earl Shine, did a good job of holding the Tigers. It was late in the second quarter before the Tigers got into the Bobcats territory.

Put Christ back into Christmas

and Gospel songs are used. These fine singers are church men. Plans are being made to have these groups on the air as soon as we can find sponsors. Mrs. Taylor is planning to distribute gifts to the prisoners on Christmas Day. Send your donation to Box 15, Bean City, Florida. Your names will appear in the paper the week after Christmas. This is a challenge to church groups, clubs, businesses, and individuals. Send in now to help make these boys happy.

The Bean City Elementary School, Mrs. Ora D. Taylor, Principal will conduct Christmas Tiddlers on next Thursday night in school chapel. The School Chorus will present the program, Clinton Wiley, Sixth Grade, Director.

Santa will also visit us, bringing gifts for all the children. The parents will distribute candy, fruit and nuts to the kiddies.

We wish to welcome all the new-comers to our community. Our enrollment is up above fifty now as a result of these fine new neighbors. Each parent is expected to visit the school as often as time permits.

Your presence helps.

Mr. James Green, President of the Phyllis Wheatley Club has returned and resumed the weekly Monday night meetings of the club. This club has helped the community in that it gives freely towards play equipment for the children. This year we hope they will help our School Library. All old and new members are welcome to come to the meetings.

Why Ford delivers more car for your money

With more worth when you buy it... and more worth when you sell it... **it's your best buy!**

More go

V-8 or Six, you get more GO per gallon, thanks to Ford's Automatic Power Pilot. Only Ford in the low-price field offers V-8 power... a low-friction Six.

More ride

With Ford's advanced front suspension, front and rear shock absorbers are reduced up to 80%. And with Ford's balanced spring and shock absorber action you travel "best class," whether on boulevard or the rough back roads.

More drive

Fordomatic is the only "automatic" in its field which offers both torque converter smoothness and the get-up-and-go of an automatic intermediate gear. Ford also offers Overdrive and Conventional.

More looks

Modern, clean lines give you Ford styling—setting beauty. And for eye-catching color, you get exterior colors that harmonize with decorative-designed interiors. Ford's beautiful Crestmark bodies feature the most visibility in Ford's field. And the way these bodies last is another reason for Ford's high resale value.

More advances

FORD'S NEW RIDE reduces front and road shock up to 80%. New spring and shock absorber action helps make even the roughest roads carpet-smooth.

FORD'S CRESTMARK BODY is built-tight to seal out weather and noise. Its lower, wider, longer look sets the style, its Full-Circle visibility adds measurably to your driving safety.

It's America's "Worth More" SIX!

FORD'S MILEAGE MAKER SIX IS AMERICA'S MOST MODERN SIX!

No other car at any price offers such advanced Six engine features as Ford's high-compression Mileage Maker. Take, for example, Ford's nearly equal bore-stroke ratio which shortens piston travel, reduces friction and gives longer engine life. Take Ford's free-turning overhead valves and Power-Contoured combustion chambers which let gas burn more evenly and completely. And Ford's Automatic Power-Pilot squeezes the last ounce of power out of every drop of gas!

These are but a few of the many modern advances which make Ford's Six worth more when you buy it, worth more when you sell it!

FORD OFFERS 3 GREAT DRIVES

For automatic driving at the best, shift to Pordomatic and you'll never shift again. For even more miles per gallon and extra engine life pick Ford Overdrive. Or choose Ford's easy-shifting Conventional Drive.
